General Instructions

When must I file Schedule M — Gasoline?

You must file Schedule M—Gasoline, with Form RMFT-5, Motor Fuel Distributor/Supplier Tax Return, and Form RMFT-5-US, Underground Storage Tank Tax and Environmental Impact Fee Receiver Tax Return, to provide detail of the products used for blending included in Column 1 of Lines 1, 2a, or 2b of Form RMFT-5.

These products are subject to the Motor Fuel Tax (MFT), Underground Storage Tank Tax (UST), and Environmental Impact Fee (EIF).

What records must I keep?

You are required by law to keep books and records showing all purchases, receipts, losses through any cause, sales, distributions, and use of fuels.

What if I need additional assistance?

If you have questions about this schedule, write to us at:

Step-by-Step Instructions

Note: Report one primary product type per page.

Step 1: Complete the following information

Write your company name, your license number, and the period for which you are reporting.

Step 2: Report your blending activity Lines 1 through 10 —

Column 1 - Write the month, day, and year of the blending.

Column 2 - Write the number of primary product gallons used for blending. If you are reporting gallons in Column 2c, write the exact product name on the line provided. (Use one page per product type.)

Column 3 - Write the number of gallons used as a blending agent. If you are reporting gallons in Column 3c, write the exact product name on the line provided.

Column 4 - Add Columns 2 and 3, and write the number of ending product gallons in Column a or b as follows:

4a - gasohol

4b - other ending products

If you are reporting gallons in Column 4b, write the exact ending product name on the line provided.

Lines 11 through 12 —

Line 11 - For each column, add Lines 1 through 10, and write the total on Line 11.

Line 12 - If you are filing only one Schedule M—Gasoline, write the amounts from Line 11 on Line 12.

If you are filing **more than one** Schedule M—Gasoline,

- **group** together the schedules reporting the same primary product type (Column 2),
- by column, add the amounts from each schedule's Line 11,
- write the total amounts in the corresponding column on Line 12 of the last page.

Then, report the amounts on Line 12 as follows:

- gallons used in blending must be transferred from and to Schedule A.
- transfer the total amount of gasoline products that are used as the primary product (Step 2, Column 2) or the blending agent (Step 2, Column 3). **Write this number as a negative number on Schedule A.**
- add the total amount of ending product gallons from Column 4 to Schedule A.
